The partnering activity is the best way to **identify and connect** with potential business, research and financial partners.

John MacMahon
CEO, Mitre Medical, US

«The philosophy of MedFIT's one-to-one meetings is sort of new in the sector. Not only you'll be able to connect with family to bigger funds, but also to the whole medtech community: Technology, cash and expertise are gathered in a single place.»

Remke Burie
Managing Director, University of Twente, NL

«In Healthcare, it's all about collaborations between academia, industry and other players of the sector. With the business convention, you have time to meet and interact with them.»

Meetings

Mathieu Charleux
Medical Devices Consultant, MD 101, FR

«Face-to-face meetings are the greatest advantage of the event. It really allows to exchange in-depth with all the medtech players.»

Would-be CEO

**Are you a MedTech entrepreneur seeking a project?
Or do you have projects seeking a CEO?**

Any MedTech entrepreneur looking for a project to get involved in is welcome to join MedFIT and particularly the **"Would-be CEO"** activity. Any incubator or tech transfer entity looking for an entrepreneur to lead their start-up or help launch their project is also welcome to join.

Conferences

Supported by a prestigious Steering Committee, the **MedFIT conference programme** features the latest opinions on trending topics related to collaborative innovation partnerships and focuses on market access, financing, the digitalisation of the sector and regulations.

PLENARY SESSION: How to increase the number of MedTech unicorns in Europe?

Europe is currently benefiting from dynamic MedTech start-up ecosystems. However, not so many of them succeed in scaling-up. How to better organise stock market and create a dynamic European environment driving growth, innovation and where entrepreneurs can find the support and tools they need to thrive? What are the possible strategies and paths to scale-up on MedTech market in Europe?

Track 1: Collaborate to innovate

#Licensing #Partnerships #R&D

- > Big size vs mid-size companies: different ways to deal with early-stage start-up assets?
- > What are the key factors of success in the relationship between an academic institution and a resulting spin-off?

Track 2: Financing innovation

#VCs #Startups #Investors

- > How are healthcare systems and health plans directly investing in innovative companies in Europe?
- > Agnostic investors or pure players in the MedTech sector: Who is becoming prominent in the early-stage financing scene?

Track 3: Market innovation

#Regulation #BusinessModels #Strategy

- > How does IT tools contribute to accelerate the process of completing clinical trials in the MedTech sector?
- > MedTech SMEs and start-ups: What are the strategies & initiatives to collectively answer to public tenders?

Track 4: Digital innovation

#AI #Data #Transformation

- > Connected devices redesign health care: How are MedTech companies adapting to this new environment?
- > MedTech and digital industry: Which grounds for collaboration?

Josephine Dixon-Hardy

Director of Medical Technologies Innovation,
University of Leeds, UK

« I was very pleased to find people with interests that are very relevant to things we want to know about, which isn't just about industry or just about academia, but how the two work together. That was well addressed in the programme. »

Pitch Sessions

Mirren Mandalia

Senior Director, Ventures & Transactions,
Johnson & Johnson Innovation, UK

«One of the things that struck me at MedFIT was the depth and breadth of innovation across Europe and beyond. The need for collaboration to drive innovation has never been higher.»

Present your project in front of MedTech experts and **find partners** thanks to the:

START-UP SLAMS*

The Start-up Slams are dedicated to entrepreneurs who have innovative **start-up companies** (from creation up to Series A).

The selected candidates will receive advice and feedback («speed-mentoring») from a panel of experts. The winners will receive a prize and be awarded as the **most innovative start-ups in Europe**.

COLLABORATIVE AND LICENSING OPPORTUNITY PRESENTATIONS*

The Collaborative and Licensing Opportunity Presentations allow **TTOs, universities, research institutes and companies** to **present their asset, whether they are looking for a R&D collaborative project or an opportunity to out-license**. The goal is to foster alliances and business development opportunities.

SERVICE PRESENTATIONS

Are you a **service provider** or a **technology platform** involved in the MedTech, digital and diagnostic sectors? You will have the opportunity to give a short presentation of your services in front of the MedFIT participants.
